

1

Go to <https://thetoken.io/dashboard/tokens/sell>

2

Fill out the form with all the required information.

How many tokens do you want to redeem?

You need to have a wallet added to this account

Which asset do you want to get?

Choose asset 

We offer withdrawal in BTC and ETH

Where do you want to receive withdrawal?

ETH or BTC account

Your password:

For your security

Redeem

3

Press the “Redeem” button.

4

Find your seed mnemonic phrase that you saved from the dashboard.

It should be a phrase with 12 words. E.g. *“adjust enforce clinic average circle chapter kitchen icon prefer monster interest elbow basic north snack”*.

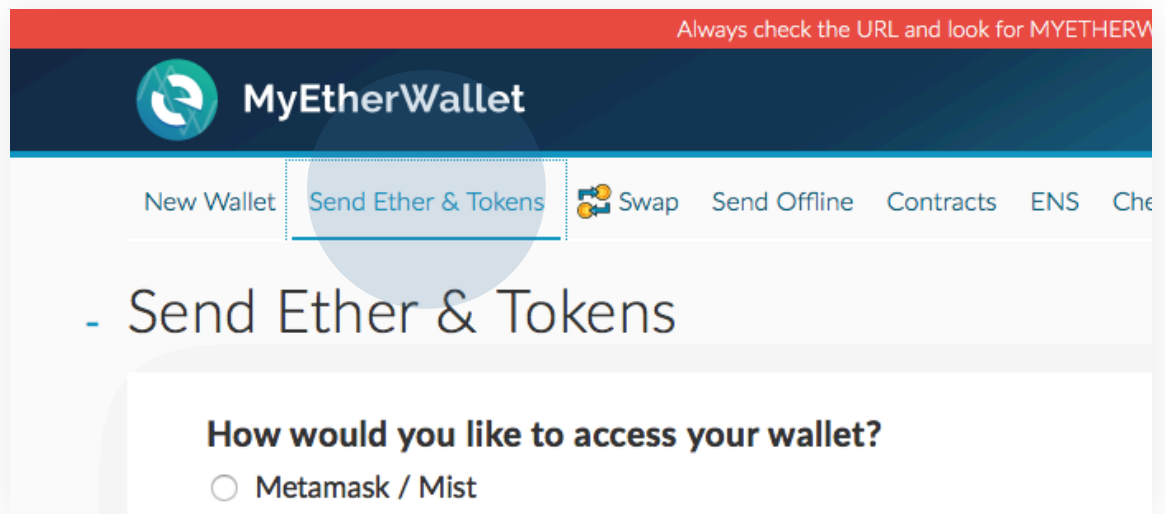

5

Restore private key.

Go to <https://thetoken.io/restore/webwallet.html> and enter the 12 words. Then you will see your private key in [] brackets.

6

Go to <https://myetherwallet.com/> and click “Send Ether & Tokens” in the menu.

7

How would you like to access your wallet?

- Keystore File (UTC / JSON)
- Private Key
- Mnemonic Phrase
- Parity Phrase
- Ledger Nano S
- TREZOR

Select "Private Key" on MyEtherWallet

8

Paste your private key and unlock your wallet.

Paste/Type Your Private Key

```
efcb45f9db12b582127af32ec6a78  
71a9b97b8abc3843c70251b5b9f4a  
5d714f|
```

Unlock your Wallet

Unlock

9

On the next screen press “Add custom token”.

Token Balances

Ahh! There are too many tokens for our poor nodes! Click "Load Token Balances" to see them all. You are limited to loading these once per minute. Try checking your balance on <https://etherscan.io> or [Ethplorer.io](https://ethplorer.io) instead.

Load Token Balances

Show Tokens

Add Custom Token

10

Fill in values according to the table and press “Save”.

Address

0x739c71235a9669f6b900490ab1c95310c19abc71

Token Symbol

TKN

Decimals
